Coronary heart disease - PART 2: Connections and healing possibilities, clarification in a spiritual point of view.

Why do especially young men have these symptoms after vaccination?

You yourselves know what is stored in these vaccines that have been inoculated against Corona. They are components which destroy the immune system because the course of the immune system in connection with the body system is disturbed. The immune system gets misinformation to produce substances, which it has not to produce or only at certain times! But with these injected proteins the whole process is disturbed.

Why did young men get especially this after vaccination, why young men?

With this whole Corona situation, people were also exploited as guinea pigs. Especially young men, because they are being tested to see how this drug behaves, what effect this drug has on a flourishing life, especially on the reproductive organs, on physical strength.

It was not simply injected that a lot of people will die, but it was also injected to get new data. It is and was an experimental model. Experiments were done and different vaccines were given. Each vaccine again had a different effect.

It's recorded, they kept protocols, it was monitored. And during the post-treatment blood samples are also taken, which are needed for further tests!

Yes, you can say there was a plan behind it. Nothing planless has happened. The dark forces have cooperated very much, because they actually wanted to accomplish their goal, to fulfill their order. They didn't quite succeed. But because they have seen that they do not succeed completely, they have wanted to weaken as many people as possible in order to really destroy the life force of this humanity on this planet.

What are the young men for the planet?

It is living life. Living life that has a goal, that can be realized, that brings new ideas to earth, that embodies joy, enthusiasm, determination. All this was not desired and something was brought against it. And these are these inoculations!

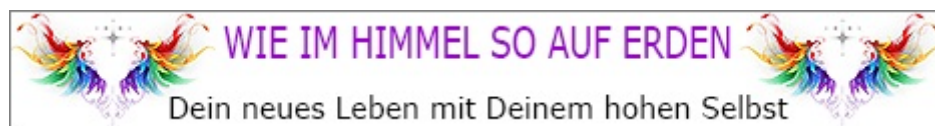

I (Master Kuthumi) am a being from Arcturius, have already spent many lives on Earth, have dealt with medicine, have participated in research studies. I know myself and therefore I know something more to report, therefore I also know what you have experienced!
