### **Vaccine damage (COVID): Connections and healing possibilities, clarification in a spiritual point of view.**

This is Archangel Michael speaking.

You human beings are exposed to great burdens.

#### **What was done to you regarding vaccinations?**

There are great forces that have been at work. Great forces which have a goal in mind. Great forces which are not full of light!

#### **What do these forces do? What are the intentions of these forces?**

The intentions of the great forces are to keep - to gain dominion over the world, to carry out the dark plans. THESE are the intentions, and in this they give everything.

That is why you were and still are at the mercy of these forces.

But you humans know: there is also the light side, and this light side helps you to get through things, to be in this light, to become more and more powerful to exist in it. You know yourselves: the dark sides are very sophisticated and sometimes it is even a balancing act.

This vaccination is a balancing act. Most people have not thought about it, have not inquired what it really is, because they trusted or they did not want to take any losses. They wanted to go on with their lives as they had been until now, or they were put under pressure - pressure that threatened many livelihoods and thus they had no choice to have the vaccination carried out. Many people would have lost their jobs, would not have been able to pay their living expenses - that's why they got vaccinated!

## What has this vaccination done to people?

This is a question that NOW - in retrospect - very many people ask themselves. "What does this vaccination do to our body", they ask themselves. Because if you look at the statistics of the diseases that have broken out after the vaccinations, then you will see that the damage, the vaccination damage, is very large.

There were a lot of inflammations, inflammations in the brain, inflammations of the heart, inflammations in the vessels, inflammations in the skin. Then there were also blockages of the vessels, thromboses, pulmonary embolisms, blocked coronary vessels. Embolisms in the brain, these were also very large damages that had occurred. Furthermore, inflammation of nerves, inflammation of nerves in the brain, inflamed nerves in the extremities and also inflammation of the muscles.

THESE are all damages of the vaccinations!!!

Normally, when a vaccine is produced for people, it is tested for a very long time, studies are carried out. Often it takes 10, 15, 20 years before such a vaccine is marketed.

But in this case, in the case of the COVID vaccine, the plan was made in advance. The intention, the goal, was very clear.

And no testing was done in the sense of what does it do to people, because it was just the intention and the goal.

Then the vaccinations also gave paralysis symptoms. Many athletes felt extremely weakened. Many people had heavy legs, they could hardly walk.

Many people were very tired that they slept for hours.

And the many "Long COVID cases" that exist are very much characterized by fatigue. Limpness, fatigue, no will to live anymore.

Or they are characterized by these heavy legs, by blood that suddenly flows much thicker through the veins.

So many different forms have developed because of this vaccination. And they are forms of disease because there have been changes in parts of the body. Changes in cells, changes in blood flow, changes in neurological supply. All of these are symptoms of disease.

There are also people who suddenly dropped dead - nobody knows why.

There are people who suddenly have hives all over their body - no one knows why.

The doctors do not talk about it, because in the medical profession there is a very, very great uncertainty. The physicians who are alert, who are open to this theme, become aware of these grievances, these effects, this vaccination and are helpless in the face of them. Because they also do not know what to do now! More miscarriages are found in pregnant women.

Women who want to get pregnant have trouble getting pregnant.

A big field has opened up by this vaccination, a big field of uncertainty, a big field of - yes, how can we say, how shall I say? - a big field of cost explosion, a big field of slow destruction!!! And that this was not wanted is very questionable.

I would like to ask you. You who are affected by this, get to know your body if you do not know it yet. Because now it is up to you to do the best for yourselves. Get to know new possibilities, do not rely only on conventional medicine, because besides that there is a large field of natural remedies.

Inquire in various places what is good for you. It is true: your body can tell you best. But sometimes it is not possible for the person to ask his body, because he is too overwhelmed by the diagnosis - by what has happened.

Therefore, ask other people, ask the spiritual world, ask your helpers from the spiritual world. Often a combination is also possible: the combination of conventional medicine and holistic medicine.
